

March 16, 2020

As concerns surrounding the Coronavirus COVID-19 outbreak continue to grow, please know the First National Bank of Ava is continually monitoring developments and taking all the appropriate steps to minimize the impact to our customers and employees.

The health and safety of our customers and employees is of the utmost concern for First National Bank of Ava. At this time the bank remains open, however, we are closely monitoring the cases reported in our area. If there are cases reported within the vicinity, we may deem it appropriate to close the lobby and see customers by appointment only. The safe deposit boxes will be accessible by appointment. We encourage our customers to utilize the drive-up during our normal business hours and the night drop deposits will be processed as usual. You may also facilitate a transfer via phone, there will be no charge for this service at this time. Employees have been reminded to frequently wash and sanitize hands and special care is being taken to diligently sanitize high-contact surfaces. Additional hand sanitizer is available in the lobby. Employees have also been instructed to stay home if an illness is suspected or they have come into contact with the virus.

Anytime, anywhere account access.

As a reminder, First National Bank of Ava On-Line® and Mobile Banking are available 24/7 and are great tools to allow you to complete your banking from the comfort of your home. You can deposit checks, transfer money, pay bills, check balances, and more — anytime, anywhere.

If you are not currently enrolled, consider doing so today to ensure you have access to your accounts when you need them. You can sign up for First National Bank of Ava On-Line by visiting fnbava.com and selecting the enroll now link located in the Online Banking Login box. You may also download the Mobile Banking app (TouchBanking) from your device's app store.
